Now that the government has foolishly spent millions of taxpayers dollars on this frivolous suit, I think it is high time that an end be brought to this situation. Surely our government has more important things to spend their time on than this outrageous suit.

The FREE ENTERPRISE system which has made this COUNTRY so great, is apparently being overlooked by a bunch of greedy lawyers and states who want to jump on the band wagon and try to get something for nothing.

Let this NOT continue to drag on...it has already exceeded the limits of justifiable time. Reach an amicable decision and let this country get on with more important issues at hand.
